Multi-Family Units *	
Total # of Units *	
<b>Redevelopment Information (MUSPs)</b> - Re-development applications are for those vacant sites for which a local government has provided vested rights; or for an already improved property which does not have to be re-platted as deemed by the local government. The number of units to be input into the CMS is the net difference between the existing vested number of units and the newly proposed number of units. <i>Example: an existing 20-unit structure will be torn down for redevelopment. The newly proposed development calls for 40 total units. Local government shall input 20 units in the CMS (net difference between the 20 units vested less the newly proposed 4 units).</i>
